

Remembering Loretto's School Days

(Not for Catholic's ONLY)

by Ed Christopher

We're so glad you decided to come to the reunion. For our post-reunion remembrances we need your help. We need you to assemble some facts about four of our teachers, Sisters William Mary, Marianna, Elizabeth Marie and Margaret Dennis. We need you to tell us what grade they taught, what we learned from each of them and most of all, what they were known for. We had someone else working on this but they quit and said everything we wanted to know could be gotten from the 14 notes they left for us. Can you help us and decipher the notes?

1	Our 7th grade teacher had a girl's name.
2	William Mary did not teach 6 th grade nor did Elizabeth Marie.
3	When sleeping in class it is hard to teach.
4	Neither the bell nor MathFacts could wake the sleeping nun.
5	The nun with the stash could not draw a tree.
6	Having facial hair does not make you Sister Elizabeth Marie.
7	We never heard a bell jingle with the Christmas Carols.
8	Ever try to ring a bell and think fast? You can't.
9	There's no way the one named nun taught us nothing.
10	We never napped with our teacher in 4 th or 6 th grade.
11	Ding, Ding, Ding "You'll graduate in only two more years".
12	Hard to believe we did not learn about virgins in 4 th grade.
13	Nothing was taught when JFK was assassinated.
14	If I had a mustache, I could think fast.
